I don't have to think about

I never been in love

Well, I only dreamed about

I wondered what it was

But now I think I know

It's clear to me

You make me understand

I'm so proud to say I love you

I'm so proud to be your man, yes I am

I promise I'll never hurt you

I'll never make you cry, no

I promise I'll never hit you

Cross my heart and hope to die

Cuz I know I'll keep you safe

I'll keep you warm

I'll keep you satisfied

I'll be your sunshine in the morning

Be your everything at night

1 - You told me what you wanted

I gave you what you need

I told you that I love you

Make it good for you and me

And I never make a promise

That I can't keep

That ain't me

Repeat 1

Ain't no way to get around it

Now you're stuck with me, baby, baby

Did you know that you'd be surrounded

By my love and ecstasy

This is the start of one great love affair

That's never, never, never gonna end

We can share the world together

Oh, this is where it begun

Repeat 1

Repeat 1

Oh, girl I'll stand by you

If you give me your hand

I'll make love to you baby

Your every wish is my command

Let's play out your fantasies

Oh, I can lose your mind

Take you places you ain't never been before

I promise you it's alright

Repeat 1

Repeat 1

If I make a promise to you
Then baby that's what I'll do
I have nothing to lose
I give my whole world to you
(I'll never make a promise that I can't keep)
Never, never, oh no, no, no, no, no
I'm a man of my word
For you I'm always concerned
That you'll never be hurt
It's for better or worse
(I'll never make a promise that I can't keep)
Ad lib until fade
