Winter spring

Summer fall

These four seasons tell it all

Each has a special way

Of saying my love is here to stay

How else can I explain

Then to start with April's rain

Spring is when I first knew

That I fell you (Oh yeah)

Flowers blooming

Bright sunshine

Rainbows shooting across the sky

The sweet fragrance in the air

Reminds me that you care

Your love baby

You love's So Special

Is So Special to me

(Sisqo won't you help me sing)

White sands and the islands breeze

Down on the private beach

Moon lit cruises on the sea

With you next to me

Oh yeah

Summer time said it seems so dear

When fall comes it disappears

Early nights

And later days

You would never go away (Oh yeah)

Holidays and special times

I would always sit and cry (Yes I would)

Memories would break me down

When you are not around yeah

Your love

Somebody help me sing it

Is So Special to me

Like the sands by the sea

The words to a melody

Your Love

(Oh, oh, yes I know it)

And baby girl don't you know

That my love will always show

Always

Said I'll always

(Woody take it)

Every time that I close my eyes (Alright)

Pray you'll stay right by my side

Your loves so strong that I just can't hide (Tell me)

Tell me can you tell me know

All I see is you and me

Baby I'm gonna always be

Yours until the end of time

So say that you'll be mine

And no matter what they say

My love won't fade away (Oh no)

Girl your love

It feels so right

Wanna love you all my life (Yeah)

Said I know

That I

Girl this is how I will live my life

Said always

Always

I'm willing to make that sacrifice

Your love

Your love Yeah

Oh your love

Your love

IS SO SPECIAL TO ME

Fade to the end
