What do i do... i do i do babe

I can put away the letters

Hide them in the drawer

I can even forget what you sent them for

and I can take your name out of my book

I can put away the pictures

I can put the dreams aside

But I just can't seem to put you out of my mind

So tell me now ohhhh

What do I do with the love, tell me baby

What do I do with the memories of

What do I do with the nights

Without you by my side

They used to be yours and mine

Without you what do I do with the love

(yeahh yeahh ohh ohhh)

I can go out every night now

Stay out till the dawn

Do whatever I want to anytime I want

And I can make believe we never met

I can clear out all the closets

Leave your things outside the door

But I just can't seem to not love you anymore

So tell me now, tell me now, what do I do

What do I do with the love

What do I do with the memories of

What do I do with the nights

Without you by my side

They used to be yours and mine

Without you what do I do with the love

What do I do with this heart

Who do I give it to

What do I do with these arms

If they're not holding you

What do I do with this time

If I'm not spending time with you

If I'm not giving my love to you

What do I do with the love

What do I do with the memories of

What do I do with the nights

Without you by my side

They used to be yours and mine

Without you what do I do with the love

What do I do with the love

What do I do with the love

What do I do with the love

Sitting here,

What do I do with the love
