Title : [First Floor]

Meet me on the dance floor
Beat me to the first door
You make me wanna move more
You make me wanna be yours

You never look so alone
You never look so alone
I never felt so at home
uh uh uh oh

Meet me on the first floor
Treat me like a cheap ho
You make me wanna see more
You make me wanna be yours

I never felt so alone
(I never felt so alone)
I never felt so alone
(I never felt so alone)
You never look so at home
uh uh uh uh

Chorus:
Where do you wanna go?
Who do you wanna see?
Where do you wanna go?
Who do you wanna meet?
Where you you wanna go?
When do you wanna leave?
Who do you wanna be?
You just wanna be like...

Meet me for the last time
Keep my like it's not mine
You make me wanna see why
You need the things I left behind

I never felt so alone
(I never felt so alone)
I never felt so alone
(I never felt so alone)
You never look so at home
uh uh uh uh

Chorus:
Where do you wanna go?
Who do you wanna see?
Where do you wanna go?
Who do you wanna meet?
Where you you wanna go?
When do you wanna leave?
Who do you wanna be?

You just wanna be like me
You just wanna be like me
You just wanna be like me
You just wanna be like me

Your love, comes down
looks better on the ground
You love, comes down
looks better on the ground
better on the ground
uh uh uh uh

Chorus:
Where do you wanna go?
Who do you wanna see?
Where do you wanna go?
Who do you wanna meet?
Where you you wanna go?
When do you wanna leave?
Who do you wanna be?

You just wanna be like me
You just wanna be like me
You just wanna be like me
You just wanna be like me.....
