

## The Classic Crime "My name"

Visit "[My name](#)" on [MotoLyrics.com](https://www.motolyrics.com)

I have seen my own gravestone  
and worshiped the golden statue  
I've made my bed in the lion's den  
and walked in dead man's shoes

I have witnessed coastline  
from a bird's eye view  
And I made the request that we plunge to our death  
so that I could get to You

I will walk through the fire  
I will not be afraid  
They can take everything that I have  
But they can't give me my name  
I have climbed every bookshelf  
In search of hardcover proof  
And if I am judged by the things I have loved  
I hope some of them are true

"Do whatever fulfills you  
Make the most of each day"  
That's what we're taught since  
before we could walk  
But it all will fade away
