Won't burn though I'm drenched in gasoline  
And the swarm is getting closer  
Eat me alive and take my bones  
As a trophy... as a trophy

Hang my family high  
For the vultures to feed  
All that I have  
All that was me  
Left it all for the rats  
Left it all for the rats  
Left it all for the rats

This is how it is  
This was meant to be  
This is how I went down  
Supposed to be my end

Fuck!

For the rats!

Won't burn though I'm drenched in gasoline  
And the swarm is getting closer  
Eat me alive and take my bones  
As a trophy... as a trophy

Hang my family high  
For the vultures to feed  
All that I have  
All that was me  
Left it all for the rats  
Left it all for the rats  
Left it all for the rats
