Let's make this night last forever  
Just like we used to do  
We'll grab our bags and we'll head on down the road  
Do whatever we want to.  
They say we're crazy, baby, but that's all right  
'Cause you know that I love you.

Chorus:

We've waited our lives for a moment like this  
We'll drive 'til we see the sun  
Tonight we will be forever  
Just you and me together.

Let's drive this car just as far as she will go  
We can leave it all behind.  
We can sleep under those stars most every night  
'Cause you know that I don't mind.

We've waited our lives for a moment like this  
We'll drive 'til we see the sun  
Tonight we will be forever  
Just you and me together.

Maybe we'll start a new life  
Always right by my side  
Places we dreamed of  
I'll take you there  
Make everything all right  
All right

We've waited our lives for a moment like this  
We'll drive 'til we see the sun.  
I knew I loved you the moment we kissed  
And you are my only one.

We've waited our lives for a moment like this  
We'll drive 'til we see the sun.  
I knew I loved you the moment we kissed  
And you are my only one.  
Yeah, Yeahhhh.  
Whooooaaa...

Tonight we will be forever,  
Just you and me together.
