Yo Sandra my baby listen up for a minute
cuz I feel so lost everyday when ya not with me

You know that I'm still hea', still care 'n' still near
N If you need me someday Ill be waiting right thea

The luv of my life-I love you really and truly
The girl of my dreams n I really wanna know you

...You seem so perfect, like diamonds in my eyes
N my eyes are so clear so you can see I don't lie

-

The one that I need in my life to be whole again n
Maybe help me find the way so I can come home again

...I've been so lonely, for so many many years
s-s-Seventeen years filled of misery and tears

Heartbroken n so lost in the world
keep Lookin fo the special women, I can call my girl

I think you are that girl, n we belong together--
But you dont like me like I like you, but I will wait forever

I'm crying n crying cuz I miss somebody
My friend n my baby, my girl n my lady

But keep holding my head up high
Cuz we will never say goodbye

I miss you my sandra cuz you were somebody
My friend n my baby, my girl n my lady

I jus wanna hold you tight
and never say goodbye

It doesn't matter what you do n it doesn't matter what
you say
cuz I will think about you, every single day

Cuz I really wanna hold you, really wanna kiss ya
But now it seems like, that I'm always gonna miss ya

...I'm jus hoping that you, will be happy
With or without me that d-d-doesn't matter

But whatever happens now, I'll think you are the best
We will be together girl, in this life or the next

-

I will always be that boi, who sees you like a queen
The one who always see ya face everytime he dreams

standing thea watching while you're kissing somone
else
It's gonna be a hard time, n its gonna be a hell--

but ive been dissed befoe, guess that I can stand one
moe'
But It's hurtin my soul n my heart is so sore

I'm so tired of crying, n so tired of bleeding
Keep bleeding your love without, anyone who sees me
