How in my head can I forget you make me suffer?  
Tryin' to see how far you'll push me underground  
Oh, back into the rhythm, fast and trippin' me out bad  
When you're in my world  
Everything you say, I find a way to bring you down  
Why?

Another way for you to fake your way through your life  
Remember everything you do will come around  
Oh, never am I going back  
To think that I might crack and you might like it  
Will you ever fade away baby?  
Why don't you just get out of my life  
Why?  
I think of you sometime but I'll never believe in you  
again  
Why?
