It is easier to see
Evil as entity
Not as condition inside you and me
I did not invent it, I'm just in charge of it
Simple businessman with simple practical plan

So do you wanna be a model, yeah?
All you got to do is show up, wow!
We'll be leaving soon for the breaking ground
For there forever be poverty!
There forever be cruelty!

There forever be wretched of Earth
Crawlin' up round driven by last semen drop
Factory that makes you, they say, it never stops
Factory that makes them, I know, it never stops..

So do you wanna be a model, yeah?
All you got to do is show up, wow!
We'll be leaving soon for the breaking ground
For there forever be slavery!
There forever be cruelty!

eh! podavai-ka djadka lodku, babenok zagruzgai-ka
