Empty words  
fired at me with an oral cannon  
WE WANNA BE HEARD!  
Lousy jerks  
such bad breath I put the fan on

This is where we draw the line  
we're sick of you wasting all our time  
This is where we draw the line

Talking about you  
you're given something to revolve  
WE WANNA BE SEEN!  
You're given a clue  
a three piece puzzle for you to solve

This is where we draw the line  
we're sick of you wasting all our time  
This is where we draw the line  
Draw the line  
Draw the line

Game over  
you have played out your last card  
WE WANNA DISAPPEAR!  
Constant loser  
a change for the better can't be that hard

This is where we draw the line  
we're sick of you wasting all our time  
This is where we draw the line  
Draw the line  
Draw the line
