Is it true what they say about it
You wanna do what I do and I doubt it
And then they tell you anything about it
Yeah, I know

I got some people say it's this way
I got some people say it's that way
And then some people say there's no way
Hell, I know

Chorus:

See that idiot walk
See that idiot talk
See that idiot shock up his name on the backboard
See that robot walk
See that robot talk
See that robot write up his name on the battle
They say this is all I need you to get by
The truth is, baby, it's a lie-ie-ie-ie-ie

Is it true what they say about it
You gotta do what I do and I doubt it
I announce I wanna do something about it
Ain't it fair

I got some people doing it this way
I got some people doing it that way
And then some people
Ain't it fair

Chorus:

I got a martulation
And through a miracle of bad equation
You gave up and you started thinking
They were true

If you are beauty and combination
Body at work and a mind on vacation
We're on a tray we started thinking

It was you

Chorus:
