"NO MATTER WHAT"

Visit "[NO MATTER WHAT](#)" on MotoLyrics.com

I heard your footsteps on the floor
I heard your knocking on my door
I said to you "please come on in"
I hear the answer in the wind

IÃ,'ve been waiting here for you
The time stood still and now itÃ,'s true
The time has come to fall in love
I hear the answer in the wind

No matter what, I will always love you
No matter what, I will stay with you

I heard your footsteps on the floor
I heard your knocking on my door
I said to you "please come on in"
I hear the answer in the wind

Solo

No matter what, I will always love you
No matter what, I will stay with you
No matter what, I will always love you
No matter what, I will stay with you

IÃ,'ve been waiting here for you
The time stood still and now itÃ,'s true
The time has come to fall in love
I hear the answer in the wind
