Had a dream, I was born to be naked in the eye of the storm

and now it's standing right in front of me

what's it going to do to me, who knows

Had a dream, it was time to be taken to the front of the line

well that is not a place you wanna be

sleeping with the enemy, you know.

Chorus:

I don't care what the future brings, give a damn about anything

I'd be fine if they'd just leave me alone

But it's time, gotta take a stance 'cause I won't get a second chance

And I know now I have to make it alone

Had a dream it was war, and they couldn't tell me what it was for

but it was something they could lie about, something we could die about, you know

Anytime, anyplace when you look that man in the face

Well it is not a face you wanna see, sleeping with the enemy, you know

Mary, can you hear me, can you tell me what it's all supposed to mean

holding out a photograph of all that I have seen

I wish I could hold you, I wish I could hold you

Had a dream, it was time to be a witness at the scene  
of the crime

Well that is something you can analyze, something you  
can criticize, who knows

So we wait, hesitate and we're making such a mistake

Oh whatever can the matter be, sleeping with the  
enemy you know
