The sun goes up, the son goes down, and still my life is
just spinning around

It builds me up, it drags me down, and keeps me
looking for some solid ground

Hai hai, hai hai, hai hai

The race is on, the stakes are high, they want your
body better dance or die

The game is up, the die is cast, this roller-coaster may
well be your last

Hai hai, hai hai, hai hai

If you want to know me, if you want to know me

Won't you love me like no body ever did before

The road is long, the climb is steep, and ghosts and
goblins never seem to sleep

The storm has gone, the sky is clear

But there ain't no courage when there ain't no fear

So get away, oh get away

The sun goes up, the sun goes down, and this old
world is still spinning around

It fills me up, it drags me down, and keeps me looking
for some solid ground

Hai hai, hai hai, hai hai

If you want to know me, if you want to know me

Won't you love me like nobody ever did before
