This morning when I woke up, I fixed myself a drink

I was feeling kind of broke up, my mind was on the blink

I couldn't see a future, can't seem to hold a job

I feel I'm just a loser, oh when's it gonna stop

I said Baby, say you'll always get to hold me

Say we'll never go hungry, never run out of money

You say we'll just have to hold on, maybe life is just a put on

Won't you come and just hold me, say I'll never get lonely

Some mornings when I wake up I just don't know who I am

If I look behind the make-up, I see a troubled man

I wander in the darkness, just talking to the walls

Seems life has turned against me, who'll catch me if I fall

I said Baby, say you'll always want to hold me

Say we'll never go hungry, never run out of money

Give me something to hold on, tell me life is just a put on

Won't you come and just hold me, Say I'll never get lonely

I said Baby, say you'll always want to hold me

Say we'll never go hungry, never run out of money

Give me something to hold on, tell me life is just a put
on

Won't you come and just hold me, say I'll never get
lonely
