Street light change & cross a little lady holding  
groceries  
Three o'clock the kids are walkin' cross the street &  
someone holds a stop sign  
...and I blow away, not knowing myself today  
...my eyes don't focus straight - I'm wondering about  
????

Old man toothless stops me on the street as I'm  
dragging down my laundry  
He knows about the past of my place, he remembers  
ladies dancing  
...What the fuck does he care? There's no room for him  
here.  
...All his teeth are gone...no one ever wrote him a love  
song...

Straight lines beat waves over time  
Straight lines beat waves over time  
Straight lines beat waves over time

...and I blow away not knowing myself today....
