I've watched the good times come and go so fast  
I remember the first time we met  
How it felt ... to share a laugh and not feel alone  
Thinking back on those days brings a smile to my face  
A warmth in my heart, a pleasant escape  
Memories like a puzzle, helping us reconnect  
This life's long learned lesson I will never regret

[Chorus:]

Oh These Days...  
These days I will never forget  
Never forget... (Ohhh) These days  
I will never forget...  
These days I will never forget

Scattered torn tattered photographs litter on my  
bedroom floor  
I've read and re-read the letters  
We wrote... Ten billion times each one memorized  
As the days fade and pass as the months turn to years  
As we grow our own ways... as we laugh and shed tears  
As we struggle, rejoice, make mistakes, come correct  
Each life's long learned lesson we should never regret

(Chorus)

Take your time...Never forget  
Where you come from...never regret (2x)  
These days, these days I will never forget

(Chorus)
