Done my time of running away  
Dodging idiots the old fashioned way  
My home the ditch work out my pitch  
Waiting for another red helmet slayer

Push, Trash, Punch, Kick, Stab (Still I stand)  
Push, Trash, Punch, Kick, Stab

Fire it up  
Let 'em have some  
Don't waste that shot away  
'cause I still want some more

Fire it up  
Let 'em have some  
Don't waste that shot away  
'cause I still want some more

Most of us won't survive  
Calling out the brotherhood  
Bastard son won't do my will  
You can never take us out

Push, Trash, Punch, Kick, Stab (Still I stand)  
Push, Trash, Punch, Kick, Stab

Fire it up  
Let 'em have some  
Don't waste that shot away  
'cause I still want some more

Fire it up  
Let 'em have some  
Don't waste that shot away  
'cause I still want some more

[Solo]

Fire it up  
Let 'em have some  
Don't waste that shot away

'cause I still want some more

Fire it up  
Let 'em have some  
Don't waste that shot away

Fire it up  
Let 'em have some  
Don't waste that shot away  
'cause I still want some more

Fire it up  
Let 'em have some  
Don't waste that shot away  
'cause I still want some

Fire all guns  
Call in our force  
Circle them in  
To the Belly of Hell

Fire it up  
Let 'em have some  
Don't waste that shot away  
'cause I still want some more
