All you hypocrites around the world  
Believing in made up foolish shit  
You don't know nothing, though you think you do  
You're blind!

Where's your messiah? You're in pain  
Is he too busy to care at all?  
You will all rot in hell  
Trust me...

I don't know, don't know what to believe  
I don't know, am I really me?  
Some say they don't believe in nothing  
But one thing is for sure!;  
GOD IS GREAT, but SATAN IS!;

Where's your messiah? You're in pain  
Is he too busy to care at all?  
You will all rot in hell  
Trust me...

Let me guide you through the night  
'Cos I have seen the Morning Star  
The Evil  
That all men do!

I don't know, don't know what to believe  
I don't know, am I really me?  
Some say they don't believe in Jack shit  
But one thing is for sure!;  
GOD IS GREAT, but SATAN IS!;

[Solo]

I don't know, don't know what to believe  
I don't know, am I really me?  
Some say they don't believe in nothing  
But one thing is for sure!;  
GOD IS GREAT, but SATAN IS! SUPER!!!
