I didn't know what I had
Until I thought I lost it
Less time ahead than behind
Gotta go with the feel
Remember our times together
Feeling kinda old
Respect is only a word
But I will use it on you

Ignorance ain't no goddamn bliss (goddamn bliss)
What you need to know is where you'll go
In the end

I would burn in hell for you
And so I probably will
Don't know where to go tomorrow
In the end! (Where we go!)

Ignorance ain't no goddamn bliss (goddamn bliss)
What you need to know is where you'll go
In the end

Ignorance ain't no goddamn bliss (goddamn bliss)
What you need to know is where you'll go
In the end

[Solo]

Ignorance ain't no goddamn bliss (goddamn bliss)
What you need to know is where you'll go
In the end

Ignorance ain't no goddamn bliss (goddamn bliss)
What you need to know is where you'll go
In the end
