Not about my money  
Not about myself  
Enough about worshipping  
Only related wrath  
Not about you at all  
It's not about this world  
What we are and who we trust  
Procures from our hearts

Head on submerge my will  
But you're going to fall down with it  
You've stirred way too much  
And you are holding a war sign

We got our shifty lives  
And nothing to worry about  
Two kids, a house and a wife  
But why can't we smile  
Not about fate at all  
It's not about our doom  
What we are and who we trust  
Procures from our hearts

Head on submerge my will  
But you're going to fall down with it  
You've stirred way too much  
And you are holding a war sign

War sign  
You know got to hold it behind you  
War sign  
Please believe when I say that

War sign  
You know got to hold it behind you  
War sign  
Oh yeah

[Solo]

Head on submerge my will

But you're going to fall down with it  
You've stirred way too much  
And you are holding a war sign

War sign  
You know got to hold it behind that  
War sign  
Just get down with it

War sign  
Keeping down forever  
War sign  
Rising pure decay
