FOR HEAVEN'S SAKE

D.Meyer/Bretton/S.Edwards

For heavens sake lets fall in love
Its no mistake to call it love
An angels holding hands with me
How heavenly heaven can be

Here is romance for us to try
Here is a chance we cant deny
While heavens giving us a break
Lets fall in love for heavens sake
Dont say a word my darling
Dont break the spell like this
Just hold me tight; were alone in the night
And heaven is here with a kiss

This pair of eyes can see a star
So paradise cant be so far
Since heavens what were dreaming of
For heavens sake, lets fall in love
