OK, alright, so you're too beautiful
So smooth and so polite and totally charming
Just Mr. Right, the perfect kinda guy
My mother would like, my mother would like

So not my type, so Mr. Clean and White
No way that you're the one (If you were the last man on earth)
I had my life, just fine without someone
Now look what you've done, now look what you've done

How could you go and make me need you like I do
I can't believe that it's you, you, you
You that I'm thinking of

Every day, every night
Gotta have another little shot of your love
In my heart, in my life
Gotta have another little shot of your love

Yeah, it feels nice, but let me tell you I could
Stop anytime I like, anytime
Don't mean a thing, so what if I need you now
To get through the night, to get through the night

Why would I choose you out of all the guys I knew
Still can't believe that's it's you, you, you
You that I'm thinking of

Every day, every night
Gotta have another little shot of your love
In my heart, in my life
Gotta have another little shot of your love

Can't get enough
Come fill me up
Another little shot

(How could you go and make me need you like I do) Need you
(I can't believe that it's) You! (You that I'm thinking of)

(Every day, every night)
(In my heart, in my life) In my heart, every day
(Every day, every night) You
(Every day, every night) Everytime
Another little shot of your love
