Flyin high in the sky
I got my ripped soul baby
Goin down on you, goin down on you
Xray vision
Seein right on thru
And there ain't nothin that your god can do
'cause I'm coming down to rock n' roll
And there's nothing you can do
No no no
I got this feeling inside, it wont be denied
It's coming outta my heart and coming outta my hands
I wanna give it to your sista and your brotha like a
motherfucker
Baby yeah
'cause were coming down to rock n' roll
And there's nothing you can do
Here I come
I wont be long
Huh ha rock n' roll!
And there's nothing you can do
No no no
