

## The D.O.C. "South Pole Fighters"

Visit "[South Pole Fighters](#)" on MotoLyrics.com

It's even brittle they lock hands to make a line perhaps  
dividing solid forest saw blades sightless flwless  
walking sideays chain could bite in this white out  
scissor teeth.cruelty lip tireless grasp frigid spike glass  
desert.mesmerise circulation south pole fighters  
missing climate bleeding wind needle wages blinking  
words ghost of light no circulation way of breathing no  
more blades no moare walk no more hide against a  
whiteness black desert end arena sightless flwless no  
more breathe no more shadow south pole fi
