My life was filled with darkness  
And no matter where I turned  
There was no light  
And in my desperation  
And loneliness I cried out in the night

And I know there is a God  
Lord, I know you're out there somewhere  
Please come tonight  
As I fell to my knees  
I felt the power of the love  
I call the saving kind

The brightest light I've ever seen was shining  
The warmest breeze was flowing through my mind  
The greatest kiss I've ever known has filled me  
Ever since I felt the power of the love  
I call the saving kind

When life gets you down  
And no matter who you're with  
You're still alone  
And you know there must be more to life  
Than feeling like you're far away from home

And you've almost given up  
On ever finding everlasting peace of mind  
Well believe me when I tell you  
That the love you're needing now's the saving kind

The brightest light I've ever seen was shining  
The warmest breeze was flowing through my mind  
The greatest peace I've ever known has filled me  
Ever since I felt the power of the love  
I call the saving kind

Jesus is the reason for the love  
We call the saving kind
