I know that you're not too enthused  
You've got just me around all night  
I'm totally boring  
I don't interest you at all to say the least  
You think I'm made up of straight lines  
Always contradict myself  
I'm not stupid I'm not smart  
it's like I'm not even there at all

Got to talk over  
Sounds of people sucking face  
And I've got nothing left to say.  
I can take a stupid chance,  
I hear people sucking face,  
I feel so out of place

Why don't you treat me fair?  
Stick your nose in the air  
And act like I'm in the way  
I can guarantee you're as much a loser as me  
And you'll realize one day

On the way out of your life (Of your life)  
On the way out of your life (Of your life)  
On the way out of your life (Of your life)  
On the way out of your life
