In cases such as these I'd like a hand
Don't wake me up without a master plan
With sight and sound becoming fragile
Don't you understand?
When things that once were beautiful
Are bland

And when I feel like I can feel once again
Let me stay awhile
Soak it in awhile
If we can hold on we can fix what is wrong
Buy a little time
For this head of mine
Heaven for us

In truth there is no better place to be
Than falling out of darkness still to see

Without a premonition
Could you tell me where we stand?
I'd hate to lose this light
Before we land
And when I feel like I can feel once again
Let me stay awhile
Soak it in awhile
If we can hold on we can fix what is wrong
Buy a little time
For this head of mine
Heaven for us

Before we let euphoria
Convince us we are free
Remind us how we used to feel
Before when life was real

And when I feel like I can feel once again
Let me stay awhile
Soak it in awhile
If we can hold on we can fix what is wrong
Buy a little time
For this head of mine
Heaven for us.
