Each night we'd fall in love  
To wake up, give up  
The more we have and all we had to waste  
I call to the snow  
I need your hand to hold  
To get me through the stage of life you know

We've gotta keep this fire  
We've gotta keep this fire  
We've gotta keep this fire to keep burning on

You're too hard for you to cry  
You wanna live but you wanna die  
'Cos all your cuts are always hard, empty  
I know we don't do much  
We got no money to do things such as  
Go away on a holiday that's out of town

We've gotta keep this fire  
We've gotta keep this fire  
We've gotta keep this fire to keep burning on  
We've gotta keep this fire  
We've gotta keep this fire  
We've gotta keep this fire burning on

To keep burning, keep burning, yeah  
Ah, to keep burning, keep burning, keep burning

You phone on your way home  
I can tell you've got a bone to pick with me  
About the way we are  
I've got a horrible feeling  
It's such a horrible feeling  
You and me, we're not going to last the night

We've gotta keep this fire  
We've gotta keep this fire  
We've gotta keep this fire burning on  
We've gotta keep this fire  
We've gotta keep this fire  
We've gotta keep this fire burning on

To keep burning, keep burning, keep burning, yeah  
To keep burning, keep burning, keep burning, yeah  
To keep burning  
Ah, to keep burning

We've gotta keep this fire  
We've gotta keep this fire  
We've gotta keep this fire to keep burning on  
Ah, to keep burning
