Just you, just me
Always together

I made up my mind years ago
When I first gazed upon you
I'd never let you go

It's amazing, baby
How we loved each other so
And we'll always be
(Always be) always together

We'll have our problems
But we'll face them with pride
Our love, our love is protection
And we don't have to hide

A thousand nights
I'll kiss away the tears you cry
Still we'll always be
(Always be) always together

Just you, just me
Always (together)
Always (together)
Always (together) always
Always (together)
Always (together)

When the years have turned
Your hair to silver
And the days of our youth
Have left us so very far behind

Golden, golden memories
Will keep in our minds
And we'll always be
(Always be) always together

Just you, just me
Always (together)
Always (together)

Always (together) always

Always (together)

Always (together)

Always (together) always

Always (together)

Always (together)...
