I'm sorry for all the things i've done  
And I've lied to almost everyone  
I'll make it up to you somehow  
I was wrong I know this  
I wanna tell you how I feel  
So my apology is real  
I'm just so tired of running away but I get scared I know  
this

Let's go back to the place we met  
Feelings I've tried to forget  
Are keeping me awake

Am i strong enough to say what I've been hiding  
everyday  
I can't let go, now come back to let you know  
It's time to take the blame cause things just haven't  
been the same  
This mess I've made, reminds me now of all of my  
mistakes

I've walked a thousand miles alone  
Till I lost sight of all my hope  
That one day I would find a reason to move on

Let's go back to the place we met  
Feelings I've tried to forget  
Are keeping me awake

Am i strong enough to say what I've been hiding  
everyday  
I can't let go, now come back to let you know  
It's time to take the blame cause things just haven't  
been the same  
This mess I've made reminds me now of all of my  
mistakes  
All of my mistakes

Am I losing grip I let it slip  
Tangled up in all of this  
It's you I want it's you I miss

So tell me now is it in you to forgive

(Am I strong enough to say what I've been hiding  
everyday)

I can't let go

Now I've come back to let you know

It's time to take the blame

Cause things just haven't been the same

This mess I've made

Reminds me now of all of my mistakes

All of my mistakes

All of my mistakes

All of my mistakes
