I lose my way at every turn  
And in the end I never learn  
I might be selfish now  
But I won't allow  
Myself to get hurt  
Words of hatred we've exchanged  
Time has passed and things still haven't changed  
I think back to the time  
When I thought you were mine  
It's too late

It was never enough  
To ever be loved  
Together was once  
On my mind

It's something that you never had  
I found it in me and now I have it bad  
The things that you swore you'd become  
I start to feel my body numb  
(But still I remember)

It was never enough  
To ever be loved  
Together was once  
On my mind

I never know how you feel  
I never know when its real  
Theres nothing that you can say to change my mind  
Nothing else I can do  
Inside I always knew you weren't true  
You were never mine

I don't wanna pretend anymore  
I won't sit here and try to ignore  
Is this the only thing that you ever wanted me for  
(wanted me for)

(It was never enough)  
To ever be loved

Together was once  
On my mind  
(x2)

I don't wanna pretend anymore  
I won't sit here and try to ignore  
No I don't wanna pretend anymore  
the only thing that you ever wanted me for

I don't wanna pretend anymore  
I won't sit here and try to ignore  
You were never mine
