I can't take this, I'm going crazy  
I've been over my head lately  
My heart's aching, it's frustrating  
How long will I be waiting?

It's not easy, It's gone too long  
You don't believe me, You tell me I'm wrong  
All I wanted was to show you  
How I feel

But if you can't see, what went wrong  
Maybe you and me, just don't belong  
I still believe that all along, you knew  
That this love was untrue

Don't tell me, that you know better  
This ain't it (?), will last forever  
All I wanted, was to know that  
You'd (?) be okay

If you can't see, what went wrong  
Maybe you and me, just don't belong  
I still believe that all along, you knew  
That this love was untrue

Just when I think I'm ahead  
I just crawl back instead  
Can't get you out of my head

So what can I do?  
You won't tell me if we're through(woah)  
I can't go on like this, I need to know  
If we're done, so I can't let you go

(Guitar Solo)

But if you can't see (what went wrong)  
Maybe you and me (just don't belong)  
I still believe that all along you knew  
This love's untrue

But if you can't see what went wrong  
Maybe you and me just don't belong  
I still believe that all along you knew  
Yeah you knew  
This love's untrue
