Album: Footprints

Boy we've been talking  
'Bout this and that  
I like it fine but  
I love the strife  
Here's my suggestion  
Don't need no words  
Get on your feet and if you see  
Breathe deep and follow me

I wanna see you working what you got  
'Cos that's how I like it  
That's how I wanna last it on and on  
Are you ready or not?

Touch down  
Zip it  
Don't stop moving your body on the dancefloor  
Flip it  
Rock that so phat  
You're shaking on the dancefloor  
Now dip it  
Feel your base bass  
You move across the dancefloor  
Zip it  
'Cos that ain't what you came here for

Oh oh  
Oh oh

So no talk but baby  
Don't take offense  
'Cos we're on the same vibe  
Boy when we dance  
Your body language  
No need for words  
You'll do me good  
And it's understood  
I feel your need

I wanna see you working what you got  
'Cos that's how I like it  
That's how I wanna last it on and on  
Are you ready or not?

Touch down  
Zip it  
Don't stop moving your body on the dancefloor  
Flip it  
Rock that so phat  
You're shaking on the dancefloor  
Now dip it  
Feel your base bass  
You move across the dancefloor  
Zip it  
'Cos that ain't what you came here for

Touch down  
Zip it  
Don't stop moving your body on the dancefloor  
Flip it  
Rock that so phat  
You're shaking on the dancefloor  
Now dip it  
Feel your base bass  
You move across the dancefloor  
Zip it  
'Cos that ain't what you came here for

Touch down  
Zip it  
Flip it  
Rock it  
Let me hit it  
On the dancefloor  
Hush now  
Zip it  
Flip it  
Rock it  
Let me hit it  
On the dancefloor

Whoa  
I wanna see you working what you got  
'Cos that's how I like it  
That's how I wanna last it on and on  
Are you ready or not?

Touch down  
Zip it  
Don't stop moving your body on the dancefloor

Flip it  
Rock that so phat  
You're shaking on the dancefloor  
Now dip it  
Feel your base bass  
You move across the dancefloor  
Zip it  
'Cos that ain't what you came here for

Touch down  
Zip it  
Don't stop moving your body on the dancefloor  
(Move your body on the dancefloor)  
Flip it  
Rock that so phat  
You're shaking on the dancefloor  
Now dip it  
Feel your base bass  
You move across the dancefloor  
Zip it  
'Cos that ain't what you came here for

Hush now  
Zip it  
Flip it  
Rock it  
Let me hit it  
On the dancefloor  
Hush now  
Zip it  
Flip it  
Rock it  
Let me hit it  
On the dancefloor
