Album: Footprints

My name is Holly
And I like

I'm so glad that you asked me out tonight
Our conversation over dinner was really nice
But don't forget you still owe me dessert
It's 12 we missed the late show
So let's head over to this joint that I know
Everytime I take someone it's always such a ride

But there's a dress code
You've got to follow
There's no exceptions
And once you're in

If you want TMA
You better need to be
Oh baby
But before you enter
Tuck your shirt in
No way you'll get rid of
Other clothes
If you don't follow this
One moment
Tuck your shirt in

La la la la la la la la la la la la la la la la

We're probably gonna need to call a cab
Ten minute walk over there and back
But I think it's best we
Save our energy
Tonight I'm really on the grind
Otherwise I'd normally wait a while
Before I'd ask
Somebody to my party

But there's a dress code
You've got to follow

There's no exceptions
And once you're in

If you want TMA
You better need to be
Oh baby
But before you enter
Tuck your shirt in
No way you'll get rid of
Other clothes
If you don't follow this
One moment
Tuck your shirt in

La la la la la la la la la la la la la la la la la la

But there's a dress code
You've got to follow
There's no exceptions
And once you're in

If you want TMA
You better need to be
Oh baby
But before you enter
Tuck your shirt in
No way you'll get rid of
Other clothes
If you don't follow this
One moment
Tuck your shirt in

TMA
You better need to be
Oh baby
But before you enter
Tuck your shirt in
No way you'll get rid of
Other clothes
If you don't follow this
One moment
Tuck your shirt in

La la la la la la la la la la la la la la la la la la
