Touched by faith,
It plays the only way
That it can, and it will,
Alone.

In a destined display,
All the wheels
Would fall off
In the same place.

And i don't mind,
And i don't mind
To look inside your thoughts..

And i don't mind,
And i don't mind,
But i can't find my way inâ€¦

Frozen in time,
And only you and i can see the
Warning signs
Through thousands upon
Thousands of honest lines,
Dry your eyesâ€¦

Far away,
What was deemed to never change,
Found a rift,
Made a void at its own pace.

In a blindside ambush fight,
It all fell
At the hands
Of a mind game.

And i don't mind,
And i don't mind
To look inside your thoughts..

And i don't mind,
And i don't mind,

But i can't find my way inâ€¦

Frozen in time,
And only you and i can see the
Warning signs
Through thousands upon
Thousands of honest lines,
Dry your eyesâ€¦

Black and white's
Not always simple
As it seems.
But i will try
To make it easy
On you.

And i will, and i will,
And i will set you free

And i will, and i will,
And i will set you free

And i will, and i will,
And i will set you free
