You face the crowd
And you come over to me
I don't know what to say
And it's hard to explain

That I don't know
What I am thinking right now
I don't even know
What I want right now
So how could anyone ever satisfy me?
And what happened between me and love?

You face the crowd
Just to turn your head from me
I don't know what I said
And I don't know if this is love

And I don't know
Why I feel this way now
And it's hard to say if this really is love
So how could anyone ever satisfy me?
And what happened between me and love?

So it's all in my hands
Now it's all up to me
But whenever love comes close
I just can't handle it

So it's all in my hands
Now it's all up to me
But whenever love comes close
I just can't handle it

So it's all in my hands
Now it's all up to me
But whenever love comes close
I just can't handle it

So it's all in my hands
Now it's all up to me
But whenever love comes close

I just can't handle it

I can't handle it, I can't handle love
