She got high on lovin'
Sorry but I'm passing through
Maybe I got a toothpick
In the bottom of my walkin' shoes
This ain't a town for tear drops
Or tattoo regrets
Nah, yeah

Sneakin' out the back way
In the middle of a starry night
Ain't gonna be remembered
For all the things that I did right
Can't say I need you, can't say I don't
But I won't

Chorus:

And no need to miss me when I'm gone
And no need to miss me when I'm gone
And no need to miss me when I'm gone
And no need to miss me when I'm gone
I wouldn't have very long
