

## Good, The "Miss You"

So sick of empty spaces and unfamiliar faces  
I haven't lived a day since you  
You slowly waltzed around me  
Your memory is bound to me  
It's just another day without you

These days aren't like they should be  
I wish you were here with me  
You're in my head but not by my side  
I can rearrange the frown I wear  
and paint an empty smile there  
I would take the pain and all the blame for you

Cause I miss you now that you're gone  
Cause I missed you since the day you ran away

I guess this is the price I pay  
I find I'm sleeping all day  
to try to manipulate the way I feel  
I curse the wall between us  
and people don't believe us  
But they'd bow down if they found out  
what we've been through

Cause I miss you now that you're gone  
Cause I missed you since the day you ran away

Cause I miss you  
Cause I miss you

Cause I miss you now that you're gone  
Cause I miss you since the day you ran away  
Cause I miss you now that you're gone  
Cause I miss you since the day you ran away  
Cause I miss you (So sick of empty spaces and  
unfamiliar faces)  
Cause I miss you (I haven't lived a day since you)  
Cause I miss you (You slowly waltzed around me your  
memory is bound to me)  
Cause I miss you ( It's just another day without you)
