Standing on the dark canal  
By the gasworks  
Celebrate the ghost gone by  
When all love hurts

And the medicine man here 24/7  
You can get it fast in Armageddon  
Everyone on the way to heaven  
Slowly

Call for prayer has come around here  
In the morning  
Wash our faces go to work  
There is no warning

That it all gets better when life is straight  
It's bigger than you and the Welfare State  
And we'll keep singing it's not too late  
For you
