Friday night  
In the Kingdom of Doom  
Ravens fly across the moom  
All in now, there's a noise in the sky  
Following all the rules, and not asking why

and when the sunset world begins  
Turning into the night,  
I see everything in black and white and then,

Drink all day 'cos the country's at war,  
You'll be falling on the palace floor,  
I can't be anymore than I see,  
In the flood, we'll all get washed away,

When the sunset world begins  
Turning into the night,  
I see everything in black and white and then,  
A love song for the collaboration,  
You and me will never be undone  
We'll let it flow away
