God of infinite love
You have taken our loss
Turned it into our gain
With Your blood on the cross
And the sweetest thing
Your forgiveness
Thats why I sing to You

All that I need is You
Cause Your worth all the pain
That I've had to go through
With You by my side
The victory's mine
Thats why I sing to You

God of infinite love
You have taken our loss
Turned it into our gain
With Your blood on the cross
And the sweetest thing
Your forgiveness
Thats why I sing to You

All that I need is You
Cause Your worth all the pain
That I've had to go through
With You by my side
The victory's mine
Thats why I sing to You

All that I need is You
Cause Your worth all the pain
That I've had to go through
With You by my side
The victory's mine
Thats why I sing to You
