If you want some good advice, don't let her go
She's the one who stood by you
What is this thing you both have become
That leaves love undecided

Don't walk away, don't run from yourself
It's not her for somebody else
It's not a rainbow, you see through tears in your eyes
Don't think love is one sided

Word that were spoken never to be broken
To walk as one for a lifetime
Then comes the doubt and all those greener pasture
That leaves love undecided

Don't walk away, don't run from yourself
It's not her for somebody else
It's not a rainbow, you see through tears in your eyes
Don't think love is one sided

The earth is worn her sides are torn and tattered
Like the sand the ocean gathers
They are as one and no divinely God
Believe in love reunited

Don't walk away, don't run from yourself
It's not her for somebody else
It's not a rainbow, you see through tears in your eyes
Don't think love is one sided
Don't think love is one sided
