You held me up, held me down
Made me crazy then you brought me around
Were my darkness and my light
You were my blindness and my sight

Were my shelter and my storm
Made me cold then you made me warm
You were my fever and my cure
Made me doubt and you made me sure

One step forward and two steps back
Nobody gets too far like that
One step forward and two steps back
This kind of dance can never last

You were my hope and my fear
You were my laughter and my tear
Were my destiny and my faith
Kept me movin' and you made me wait

Were my weakness and my power
You were the thorn in the flower
You were my sunshine and the rain
Made me feel so good brought so much pain

Now, one step forward and two steps back
Nobody gets too far like that
One step forward and two steps back
This kind of dance can never last

And we never really meant for each other
We were never really meant to last
In the years that we danced together
Each step forward, we took two steps back
Each step forward, we took two steps back

Now, one step forward and two steps back
Nobody gets too far like that
One step forward and two steps back
This kind of dance can never last

One step forward and two steps back

Nobody gets too far like that
One step forward and two steps back
This kind of dance can never last
