She used to cry just a little each day  
She used to feel so alone and betrayed  
And she won't feel sorry for the rest of her life  
This just might be the day, this just might be the day

Here on a lonely afternoon  
The strangest feeling in the room  
Will I remember this how it feels right now?  
This just might be the day, this just might be the day

Will this be the day?  
Maybe this is the day I'll remember  
Will this be the way?  
Maybe this is the way I'll remember

When she took my hand  
And whispered to me, "We can make it"  
And I looked in her eyes  
I said nothing can take you away

Oh, I've got to believe  
In the resurrecting power for me  
It can heal your pain, it can blow you away  
This just might be the day, this just might be the day

Will this be the day?  
Maybe this is the day I'll remember  
Will this be the way?  
Maybe this is the way I'll remember

When she took my hand  
And whispered to me, "We can make our way"  
And I looked in her eyes  
I said nothing can take you away, yea

Will this be the day?  
Maybe this is the day I'll remember  
Will this be the way?  
Maybe this is the way I'll remember

When she took my hand  
And whispered to me, "We can make it"

And I looked in her eyes  
I said nothing can take you

Will this be the day?  
Maybe this is the day I'll remember  
Will this be the way?  
Maybe this is the way I'll remember
