Who looks around and feels overcome
So much to do, too many choices
Which one will be the road that becomes my own
Should I act or should I take it slow
Cause when the nagging feeling takes takes hold
I have to leave it alone
When I'm anxious and restless
I guess that's what it's like to be young
Well I'm anxious and restless
I guess that's what it's like to be young
Sweet little girl dreamed of the day when
She'd stand up tall and tell the whole world her plan
Her voice will shine as she takes command
Now she'll be heard, she's got the forum
It has arrived, this moment is here for her
But she finds it doesn't matter
Well she's got nothing to say now that this day has
come
Well I'm speechless and tongue tied
I guess that's what it's like to be young
Well I'm speechless and tongue tied

I guess that's what it's like to be young
Living day by day
Gets harder to face
When all the questions
Drive you insane
Pick one up, throw it into the sky
I want to feel free and have fun
Cause that's what it really means to be young
I bring it on and drive myself crazy
I want it all and then I want no one's help
I need to make it by myself
And if I achieve what I think I wanted
Will I receive a medal of happiness
Will it make my confusion less
Cause when the naggin feeling takes hold
I have to leave it alone
Well I'm anxious and restless
I guess that's what it's like to be young
Well I'm anxious and restless
I guess that's what it's like to be young
Well I'm anxious and restless
I guess that's what it's like to be young
