I don't think I know you

Well maybe its time to show you

This is my home

I will be standing here alone.

If you think your ready well

Come on in and ring the bell.

Hello Mr. Hill finally you got your hit

Coming from the nowheres lying across the clovers.

Hello Lady slick did you pull another trick

Beautiful makeover make the perfect couple.

Did you know things don't come easy so~~

This is my town

Watch your step if you come around

I don't think I know you

Well maybe it is time to show you.

This is my home

I will be standing here alone.

And if you think you are ready well

Come on in and ring the bell.

Hello shiny suit hanging out in the neighborhood

You think your such a pro you know your just a (pop)

blow.

Hello charming ghost have you made your final toast,

Everything you say is just to see what you can give.

Did you know things don't come easy so

This is my town

Watch your step if you come around

I don't think I know you so

Maybe its time to show you.

This is my home

I will be standing here alone

And if you think your ready well

Come on in and ring the bell.

Balistic stranger rearrange her

I think we're in blowup danger (scream).

This is my town

Watch your step if you come around,

I don't think I know you

Maybe its time to show you.

This is my home

I will be standing here alone

And if you think your ready well

Come on in and ring the bell,

Ring the bell,

Ring the bell,

Ring the bell,

Ring the bell,

Ring the bell.

Come on in,

Come on in,

Come on in,

Come on in,

Come on in...
