If we obliterated  
And we lost all our memory  
I'd still find a way to hide you deep inside my mind  
Oh I, my stupid pride  
Because I die every time my longing arms let you pass  
me by  
Oh, why

Don't stop loving me  
And we won't waste forever wondering

How long did we have it, honey?  
I didn't count the days  
But I recall the finish left me standing in the hurricane  
Oh, how the piano played  
Sorry for the river but the rhythm tends to make me  
lame  
Only have myself to blame

Don't stop loving me  
And we won't waste forever wonder-wondering  
Don't stop loving me  
And we won't waste forever wondering

I'm just a girl standing in front of a boy  
Asking him to love her  
Don't play coy  
It's me, remember  
When you told me stay forever?  
And I know I'm the one that ran away  
But naive hearts will make mistakes  
And every single minute is a moment we can turn it  
around  
Around

Don't stop loving me  
And we won't waste forever wonder-wondering  
Don't stop loving me  
And we won't waste forever wonder-wondering  
Don't stop loving me  
And we won't waste forever wonder-wondering  
Don't stop loving me

And we won't waste forever wondering what could have  
been
