When you're hurt and don't know where to go.

Think of me-

There I'll be,

Anytime you need a friend.

When you're down,

And your luck runs out,

Or if you're in trouble or in doubt,

It's OK-

Turn my way,

Anytime you need a friend.

When you're scared,

I will stay with you,

When you feel you're falling,

I'll lift you.

When you're heart breaks,

I'll ease your aches,

Whatever it takes, I'm in-

Anytime you need a friend.

All our lives,

Anywhere we are,

Just reach out-I'll never be too far.

Come what may
There I'll stay
Anytime you need a friend.
When you're scared,
I will stay with you,
When you feel you're falling,
I'll lift you.
When you're heart breaks,
I'll ease your aches,
Whatever it takes, I'm in-
Anytime you need a friend.
When you need a friend,
Come what may,
There I'll stay,
Now until the very end,
Anytime you need a friend.
Anytime,
Whatever it takes,
Anytime,
Anywhere,
Anytime you need a friend.
